Tallahassee, FL 32304

Dear Ms. Hunter:

Enclosed please find an invoice and backup detail for the VeriTracks service for February 2005.

As you will notice on the invoice, this is only for services rendered from February 1 – February 14, 2005. Due to actions taken by ProTech Monitoring Services, our subcontractor, we were unable to provide adequate services to you for the remainder of the month.

STOP is working with ProTech to resolve these issues so that the expected services can be restored.

If you have any questions or comments, please do not hesitate to contact me at 832.553.9502.

Sincerely,

Greg Utterback
Vice President, Business Development
